## Mobile Laser Tag at Your Venue

---

Action Tag Warfare now provides a mobile Laser Tag service to come to your venue, using the state of the art system by [Action Tag Ltd](http://Action Tag Ltd).

This system is years ahead of all other systems with numerous features that its competitors are still trying to emulate.

Some of our innovative features include:

- Wireless Technology
- Realistic looking weapons
- Printouts of each game
- Haptic feedback
- Muzzle flash
- Friendly fire feature
- Marshalls remote control
- Live interactive feedback
- Facebook integration for score sheets
- Targets / reloading stations
- Fully configurable weapons
- interactive system

We will come and run the Laser Tag at your venue for either stag or hen parties or kids birthday parties to name just a couple of examples.

## Example of user groups

There is a huge potential market in

Stag Parties  
Hen Parties  
Kids Birthday  
Parties  
Corporate Team  
Building

To name but a few, we have found the three most popular is Children's birthday parties, Stag and Hen Parties and Corporate Team Building for the same reasons, no bruising as in Paintball, also the fact it is a fixed price with no added paintballs to buy, you already have unlimited ammo, which goes down well with both the company accounts department and the kids parents.
